£16.99 | Paperback / softback| 144pp. | April 2025

Get Started with Procreate guides you through 20 practice tutorials, using a 10-step plan to boost your skills in working with digital tools and techniques.

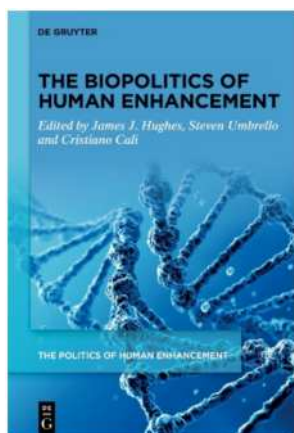

Advances in Blockchain Research and Cryptocurrency Behaviour

Carolyn Strong

De Gruyter (DeGruyter) | 9783110995596

£43.53 | Paperback / softback| 353pp. | July 2025

This book presents an edited collection of chapters from academic and industry expert contributors focusing on the directions of blockchain cryptocurrency from leading authorities in their field providing the cutting-edge and timely insights in the world of cryptocurrency behaviour.

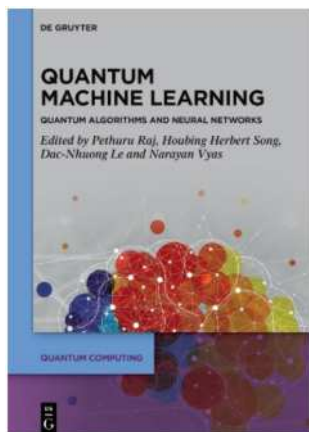

The Biopolitics of Human Enhancement

James J. Hughes

De Gruyter (DeGruyter) | 9783111242552

£82 | Hardback| 207pp. | February 2025

The study of the social implications of human enhancement is an interdisciplinary work that draws from the fields of political science, sociology, philosophy, and bioethics, among others. It is also a complex and rapidly evolving subject that raises important questions about the potential benefits and risks of these technologies, as well as how society should govern and regulate their development and use.

Quantum Machine Learning : Quantum Algorithms and Neural Networks

Pethuru Raj

De Gruyter (DeGruyter) | 9783111342092

£141.50 | Hardback| 335pp. | July 2025

Quantum computing has shown a potential to tackle specific types of problems, especially those involving a daunting number of variables, at an exponentially faster rate compared to classical computers.

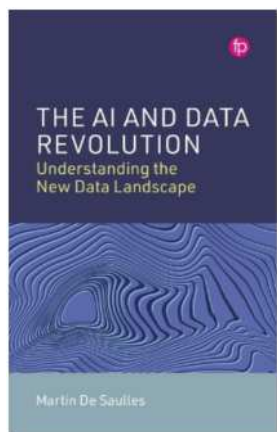

Technology Strategies : Turning technological change into competitive advantage

Thomas Durand

De Gruyter (DeGruyter) | 9783111392776

£34.50 | Paperback / softback| 301pp. | February 2025

Technological evolution represents a potential threat for incumbent businesses while offering opportunities for potential new entrants to surf the wave of change to break-in.

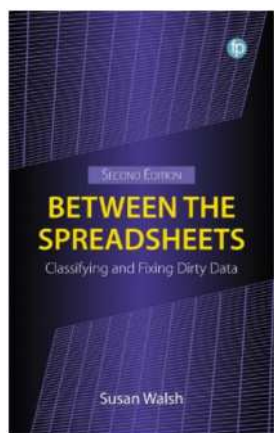

The AI and Data Revolution : Understanding the New Data Landscape

Martin De Saulles

Facet Publishing (IPS UK) | 9781783307081

£50.00 | Paperback / softback| 192pp. | April 2025

Grounded in theory, this book uses real-life case studies to illustrate how the collection, manipulation and application of data are reshaping businesses. It explains what this means for your organisation and strategies for staying ahead of this data and AI revolution.

Between the Spreadsheets : Classifying and Fixing Dirty Data

Walsh

Facet Publishing (IPS UK) | 9781783307845

£36.99 | Paperback / softback| 184pp. | September 2025

Everyone talks about data quality issues, but not the consequences. From the top to the bottom of an organisation, everyone should understand the impact of dirty data and how to spot it. Being an entirely revised new edition, this book will show you how.

Resilience of Services : Reducing the Impact of IT Failures

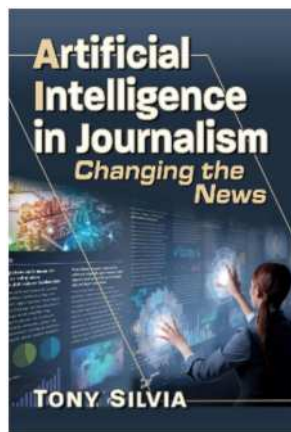

Gill Ringland

London Publishing Partnership (IPS UK) | 9781916749306

£19.99 | Paperback / softback| 206pp. | January 2025

This book brings together data and thinking from more than 200 experts to provide both an understanding of the consequences of failures in digital systems and an approach to reducing these failures and their impacts.

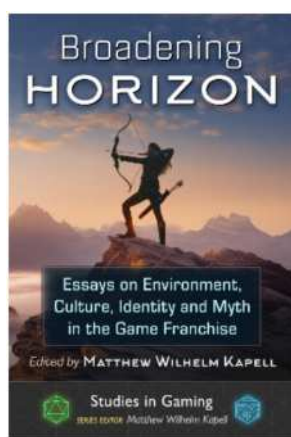

*Artificial Intelligence in Journalism : Changing the News***Tony Silvia**

McFarland & Co Inc (IPS UK) | 9781476694085

£28.99 | Paperback / softback| 210pp. | March 2025

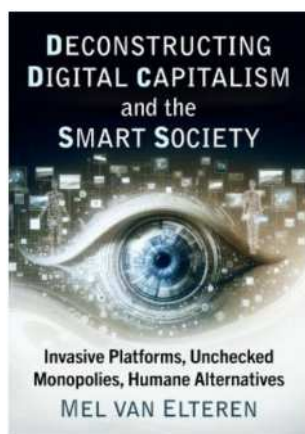

If artificial intelligence, in its many forms, scares you, you're not alone. Journalists in America and around the globe are grappling with how to use, but not abuse, the power of AI to write, edit, and even create entire news stories for a broad range of audiences.

*Broadening Horizon : Essays on Environment, Culture, Identity and Myth in the Game Franchise***Matthew Wilhelm Kapell**

McFarland & Co Inc (IPS UK) | 9781476691923

£46.99 | Paperback / softback| 286pp. | February 2025

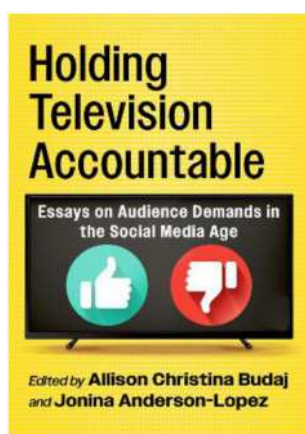

Increasingly, digital games center their narratives during or immediately after the apocalypse. In 2017, Horizon Zero Dawn offered a new take on the end of the world, and Horizon is now a multi-game, multimedia franchise, with comic books, a board game and a forthcoming Netflix series.

*Deconstructing Digital Capitalism and the Smart Society : Invasive Platforms, Unchecked Monopolies, Humane Alternatives***Mel Van Elteren**

McFarland & Co Inc (IPS UK) | 9781476696096

£46.99 | Paperback / softback| 293pp. | January 2025

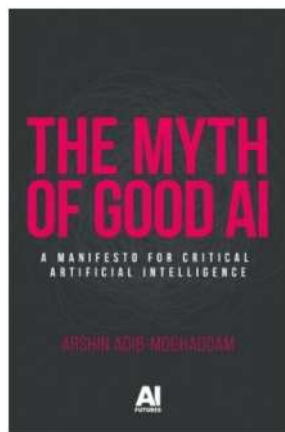

Today's critics of big online platforms tend to consider privacy breaches, monopolistic practices, and the deployment of surveillance technologies as the main problems. Internet reformers suggest the answers to these issues reside in more - and better - regulations.

*Holding Television Accountable : Essays on Audience Demands in the Social Media Age***Allison Christina Budaj**

McFarland & Co Inc (IPS UK) | 9781476691589

£46.99 | Paperback / softback| 297pp. | March 2025

This work discusses the impact of television show audience participation and expectations in the age of social media through reception theory, content analysis, and primary research on social media platforms.

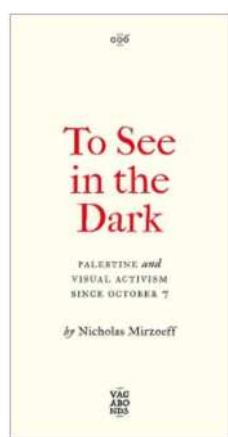

The Myth of Good Ai : A Manifesto for Critical Artificial Intelligence

Arshin Adib-Moghaddam

Manchester University Press (IPS UK) | 9781526189493

£85.00 | Hardback| 184pp. | May 2025

This book offers a new approach to artificial intelligence and its implications for human security.

To See In the Dark : Palestine and Visual Activism Since October 7

Nicholas Mirzoeff

Pluto Press (John Wiley & Sons Ltd) | 9780745351155

£14.99 | Paperback / softback| 176pp. | January 2025

How social media shaped the new global intifada.

Personal Threat Management : The practitioner's guide to keeping clients safer

Philip Grindell

Practical Inspiration Publishing (IPS UK) | 9781788606523

£29.99 | Hardback| 212pp. | February 2025

Often, the loudest threats are not the most dangerous. Discover a more intelligent way to assess and manage personal safety.

Personal Threat Management : The practitioner's guide to keeping clients safer

Philip Grindell

Practical Inspiration Publishing (IPS UK) | 9781788606530
