DE GRUYTER HANDBOOK OF PERSONAL FINANCE

March 2022

£ 130.00 | Hardback

ISBN 9783110727494

This handbook focuses on providing readers with information about the core topics comprising personal finance, including the primary models, approaches, and methodologies being used to study particular topics that comprise the field of personal finance. The second half of the handbook is devoted to exploring the leading ideas, debates, and future directions of personal finance.

DE GRUYTER HANDBOOK OF ENTREPRENEURIAL FINANCE

May 2022

£ 130.00 | Hardback

ISBN 9783110726756

The De Gruyter Handbook of Entrepreneurial Finance begins with the individual level by reviewing what we know about the most common sources of startup finance. The second section - the inner circle - addresses those sources of finance near the entrepreneur. The third section - the wider world considers the organized sources of finance. A final section looks at some special challenges in entrepreneurial finance.

DE GRUYTER HANDBOOK OF ORGANIZATIONAL CONFLICT MANAGEMENT

September 2022

£ 118.00 | Hardback

ISBN 9783110746013

This handbook offers organizational leaders and employees a deeper understanding of what causes conflicts and provides solutions for turning unproductive conflicts into positive opportunities for growth. It develops scholar/practitioner insights into the fundamentals of conflict management and also explores topics that have been given less attention, such as ethnos religious, generational differences, and workplace bullying.

DE GRUYTER HANDBOOK OF SUSTAINABLE DEVELOPMENT AND FINANCE

November 2022

£ 118.00 | Hardback

ISBN 9783110738292

Beginning with an exploration of the origins and evolution of sustainable development and finance, this book continues with sections on public and private sector finance and investment for sustainable development, climate finance, and the emerging 'blue' economy. A concluding chapter incorporates the recommendations for sustainable finance going forward in the wake of the COVID-19 pandemic and escalating global environmental crisis.
