

PEOPLE'S HISTORY

History tends to be viewed from the perspective of the rich and powerful, where the actions of small numbers are seen to dictate the course of world affairs. But this perspective conceals the role of ordinary people, as individuals or as parts of collective organisations, in shaping the course of history. The People's History book series puts ordinary people and mass movements centre stage, and looks at the great moments of the past from the bottom up.

New for 2026

A PEOPLE'S HISTORY OF PORTUGAL

Raquel Varela and Roberto della Santa

February 2026
PB: 9780745351605
£19.99 | 256pp
216 x 140mm

A People's History of Portugal reconstructs the last two hundred years of class struggle in Portugal, examining the material conditions of its people and the real causes of its revolutionary waves and counter-revolutionary backlash. Starting in the early nineteenth century, the theme of colonialism and its antithesis runs through the narrative, as working-class life was closely entwined with Portuguese colonial exploitation. Despite relatively slow industrial development, Portuguese people spearheaded a surprisingly vigorous radical culture of dissent, eventually sparking a social and political revolution in 1974.

A PEOPLE'S HISTORY OF PSYCHOANALYSIS

Florent Gabarron-Garcia
Translated by Shuli Branson
