

*DSM-5-TR (R) Clinical Cases*

John W. Barnhill

American Psychiatric Association Publishing (IPS UK/NBNI) | 9781615373611

£77.00 | Paperback / softback | 416pp. | May 2023

This book clarifies and discusses psychiatric diagnosis with a particular focus on how diagnoses have evolved from DSM-5. The cases are followed by a discussion by an expert clinician, who describes an approach to diagnosis through an exploration of psychiatric and personal history, symptom clusters, laboratory tests, and clinical ambiguities.

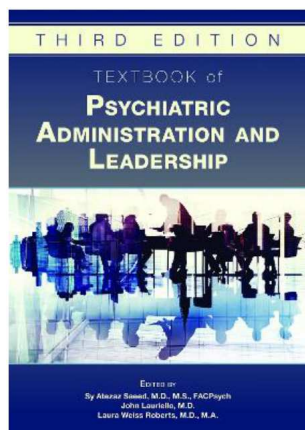

*Supervising Individual Psychotherapy : The Guide to "Good Enough"*

Katherine G. Kennedy

American Psychiatric Association Publishing (IPS UK/NBNI) | 9781615374243

£58.00 | Paperback / softback | 392pp. | June 2023

Combining theoretical concepts with practical applications, it covers four key areas: the process of supervisor development; specific techniques; common challenges that may arise; and supervision within various care settings and for specific populations.

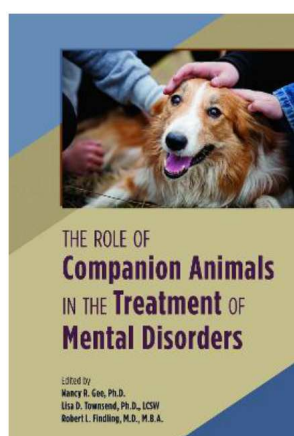

*Textbook of Psychiatric Administration and Leadership*

Sy Saeed

American Psychiatric Association Publishing (IPS UK/NBNI) | 9781615373376

£128.00 | Hardback | 524pp. | February 2023

This book consolidates the insights of a curated group of experts to both increase the knowledge of young, aspiring leaders and help more established leaders refine their skills. It offers evidence-based best practices on topics such as organizational theory, business development and revenue generation, and talent acquisition and management.

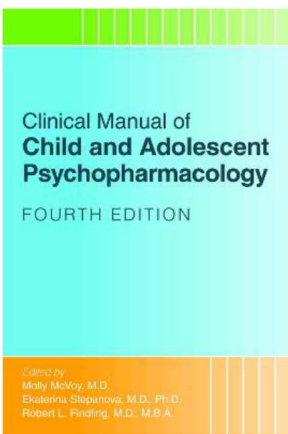

*The Role of Companion Animals in the Treatment of Mental Disorders*

Nancy R. Gee

American Psychiatric Association Publishing (IPS UK/NBNI) | 9781615374557

£46.00 | Paperback / softback | 314pp. | April 2023

This book examines the existing evidence to support these practices as well as the risks associated with various types of programs. This robust volume features detailed discussion of topics that include human-animal interactions in specific patient populations and settings, as well as best practices for ensuring animal welfare and well-being.

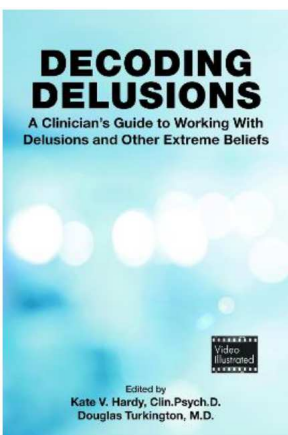

*Clinical Manual of Child and Adolescent Psychopharmacology*

**Molly McVoy**

American Psychiatric Association Publishing (IPS UK/NBNI) | 9781615374892

£69.00 | Paperback / softback | 524pp. | October 2023

Updated to include a succinct yet thorough review of the most recent evidence-based information and data-driven best treatment practices in child and adolescent psychiatry, this fourth edition of the Clinical Manual of Child and Adolescent Psychopharmacology not only examines the evidence for treating mental health disorders in younger patients but also illuminates how clinical trials of various methodologies can inform different aspects of clinical
